

SEPARATE WASTE IS MANDATORY

Help us separate the waste properly!

All waste must exclusively be left in the WASTE AREA, to the right of the reception: follow the yellow arrows on the ground!

Here's how we separate waste in our campsite following the obligations of the Municipality of Peschiera del Garda.

PLASTIC - CANS - METALS
We invite you to dispose of the plastic bottles and cans in the ECOMPACTOR present in the BAR area The other plastic and metal waste can be disposed of in the WHITE bin individually or in transparent plastic bags. What are plastic or cans? Example: water bottles and canned drinks - lids and yogurt jars - disposable plates and glasses - coffee bags - cans and jars for food - plastic bottles of detergents - caps for oil bottles etc. - empty toothpaste and similar tubes - aluminum tubes for empty preserves - aluminum trays - plastic or polystyrene trays - aluminum foil and food foil - pots

PAPER AND CARDBOARD (INCLUDING TETRAPACK)
This type of waste are to be placed in the special YELLOW bin in paper bags or individually directly in the bin What is paper? Example: pizza box - beverage cartons - milk carton - newspapers or magazines - boxes - leaflets, advertising leaflets - photocopies, posters and various sheets - corrugated cardboard packaging - books, notebooks and drawing albums - clean paper bags - paper boxes for food - tetrapack

DRY WASTE
This type of waste has to be placed in bio or transparent plastic bags or as individual waste in the DARK GREEN bin What is dry waste? Diapers - sponges in general - cigarette butts - receipts - lighters, pens, stationery - greaseproof paper for food - laminated paper - pencil cases and stationery nylon stockings - cosmetics and cotton buds - disposable razor blades - adhesive tapes - multi-lateral objects - scouring pads - plastic cutlery - unusable shoes and rags - brushes and toothbrushes - broken dishes

GLASS
The single bottles has to be thrown into the GREEN glass container. What is glass? Glass packaging (jars, bottles, glasses)

WET WASTE
The waste has to be left in BIO bags (you can use the bags from your groceries) in the special BROWN bin What is wet waste? leftover food - fruit skins - meat, bones and fish - dull ashes - tea filters and coffee grounds - egg and dried fruit shells - bread and starchy foods in general - vegetable and cut flower scraps - used tissues and paper napkins

DANGEROUS URBAN WASTE: PILE AND BOMBOLETTE GA
The individual waste has to be placed in the container with the words PILE and BOMBOLETTE
